

IPads and Tablets for Seniors

- ● ● Possibilities for you

The aim of today's session:

To provide an **overview** of the Apps available on tablets and iPads that might be of interest to people over 50.

Just a few examples of available Apps

For people who:

- have not yet purchased a Tablet/iPad or
- have one and want to know what else they can do with it

iPads or Tablets can help you:-

Have Fun

Stay Connected

Stay Safe

with Health Management

with Household Management

The Hardware

The most common Tablets at the moment are:-

Apple iPads (Used in today's presentation)

Android Devices e.g. Samsung Tablets or Smart Phones etc

Windows Tablets. The latest Windows 8 caters for touch screens.

Each have similar Apps but work on a slightly different platform
